

INDIAN JOURNAL OF NEMATOTOLOGY

RNI No. Deleng/2000/1949
ISSN 0303-6960
Online-ISSN 0974-4444

Volume 56

No. 1

June, 2026

The Official Publication of
The Nematological Society of India

INDIAN JOURNAL OF NEMATOLOGY

(The Official Publication of the Nematological Society of India)

PATRON

AGRILAND BIOTECH LTD. & M/S NICO ORGOMANURES

HONORARY FELLOWS

DR. D.J. PATEL, DR. P.P. REDDY, DR. P.N. PHUKAN, DR. SADASIV RAY
& DR. P.K. KOSHY

EDITORIAL BOARD

Editor-in-Chief

DR. MUJEEBUR RAHMAN KHAN, FNAAS, Department of Plant Protection,
Faculty of Agricultural Sciences, Aligarh Muslim University, Aligarh

Editor

DR. TUSHAR K. DUTTA, Division of Nematology, ICAR-IARI, New Delhi

Members

PROF. RICHARD A. SIKORA, Germany

PROF. HARI SHANKAR GAUR, India

PROF. SHASHI BHOOSHAN SHARMA, Australia

DR. H.M. ROHINI K. EKANAYAKE, Sri Lanka

DR. HEMCHANDRA R. PATEL, India

PROF. TARIQ MUKHTAR, Pakistan

DR. SERGEI SUBBOTIN, USA

DR. MAHFOUZ M.M. ABD-ELGAWAD, Egypt

DR. ZAHRA TANHA MAFI, Iran

DR. E.I. JONATHAN, India

THE NEMATOLOGICAL SOCIETY OF INDIA

EXECUTIVE COUNCIL (2025-2027)

President (2026-28)

DR. RAMAN K. WALIA, Former Proj. Coordinator, ICAR-AICRP (Nematodes), ICAR-IARI,
New Delhi (raman261156@gmail.com)

Vice-President

DR. M.R. KHAN, ICAR-IARI, New Delhi (mrkhan.icar@gmail.com)

General Secretary

DR. RASHID PERVEZ, ICAR-IARI, New Delhi (rashidpervez2003@gmail.com)

Joint-Secretary & Treasurer

DR. CHANDRAMANI D. WAGHMARE, ICAR-IARI, New Delhi (chandramaniw9@gmail.com)

Editor-in-Chief

DR. MUJEEBUR RAHMAN KHAN, Department of Plant Protection, Faculty of Agricultural
Sciences, Aligarh Muslim University, Aligarh (mrkhan.amu@gmail.com)

Editor

DR. TUSHAR K. DUTTA, ICAR-IARI, New Delhi (nemaiai@gmail.com)

Councillors

Delhi Zone:

DR. B.H. GAWADE, ICAR-NBPGR, New Delhi

North Zone:

DR. RAJAN SALALIA, SKUAST, Jammu

South Zone:

DR. VETRIVELKALAI P., TNAU, Coimbatore

Central Zone:

DR. P. HOLAJJER, ICAR-NBPGR, Hyderabad

East Zone:

DR. DEBANAND DAS, AAU, Jorhat

West Zone:

DR. SHAKTI SINGH BHATI, CAN, AU, Jodhpur

The Indian Journal of Nematology is published half-yearly by the Nematological Society of India (NSI). **The journal is sent free to members in good standing.** The Society does not accept responsibility for loss during postal transit. Communications regarding the membership of the Nematological Society of India should be addressed to the General Secretary, Nematological Society of India, New Delhi-110012, India.

The use of trade name or a proprietary product does not constitute a guarantee of the product by the author (s) or the NSI, and does not imply its approval to the exclusion of other products that may be suitable.

Note: Members to kindly contact General Secretary & Jt. Secretary for membership enquiry. For publication of research papers, please contact the Editor-in-Chief & Editor through e-mail (editor.ijn2025@gmail.com).

Contact address: General Secretary, Nematological Society of India, New Delhi, email: nematologicalsociety@yahoo.com; website: <https://nemaIndia.org.in>

IN THIS ISSUE

Volume 56, Number 1

Title	Authors	Pages
From the Editor's Desk		iii
REVIEW ARTICLES		
1. Cover Crops for Nematode Management in the Tropics	Johan Desaegeer and Koon-Hui Wang	1
2. Nematicidal Plants of Iran and Their Bioactive Compounds: Chemical Diversity to Practical Applications – A Review	Abbas Salahi Ardakani and Hari Shankar Gaur	13
RESEARCH ARTICLES		
3. Integrated Biochemical Characterization and Computational Dynamics of Carbohydrate-Active Enzymes from the Plant-Parasitic Nematode, <i>Ditylenchus destructor</i> for Industrial Biocatalysis	Chauhan Hitesh, Prajapati Amarshi, Mohsin Ali, Gaurang Sindhav, Hyacinth Highland, Patel Saumya and Linz-Buoy George	22
4. Comparative Analysis of Nematode Community Structure of Neighboring Organic Carrot, Conventional Corn and Woodlot Soils	Jessica Smith, George W. Bird and Rebecca Gore	35
5. Management of Nematode-Bacterium Leaf Spot Disease Complex of Beetroot by <i>Purpureocillium lilacinum</i> , <i>Pseudomonas fluorescens</i> and <i>Bacillus subtilis</i>	Aqib and Zaki A. Siddiqui	45
6. Laboratory and Field Appraisal of Furfural from Agro-Residues on <i>Meloidogyne incognita</i> infected Carrots	Oluwatoyin Adenike Fabiyi and Gabriel Ademola Olatunji	61
7. Optimizing Fluopyram Dosage and Application Techniques for Root-Knot Nematode Management in Pomegranate Production	Shakti Singh Bhati, Ravindra P.S. Jetawat and B. S. Chandrawat	71
8. Occurrence and Yield Loss Assessment of Root-Knot Nematode (<i>Meloidogyne incognita</i> and <i>M. javanica</i>) infesting Green Gram in Western Uttar Pradesh, India	Irfan Ahmad and Mujeebur Rahman Khan	83
9. Bioagent-Induced Root Volatile Compounds Mediate Defense Responses against Root-Knot Nematode and Fusarium Wilt in Sunflower	P. Manju, K. Sankari Meena, M. Themuhi, S. and K. Mohanraj	93
10. Synergistic Effect of Botanicals and Microbial Biocontrol Agents against Root-Knot Nematode, <i>Meloidogyne incognita</i> , infesting Banana	Gazala Ruhi Fatma, Rashid Pervez, S.K. Thakur and Shivanand Singh	108
11. Field Efficacy of <i>Pasteuria penetrans</i> against <i>Meloidogyne incognita</i> infecting Tuberose	Janani Mani, Swarnakumari Narayanan and Shanthi Annaiyan	116

	Title	Authors	Pages
12.	Screening of Okra Genotypes for Resistance against Root-Knot Nematode, <i>Meloidogyne incognita</i>	Ekta Rathore, Anil Kumar, Saroj Yadav and Lingan P.	124
13.	Combine Effects of Simulated Acid Rain and <i>Meloidogyne incognita</i> infestation on Plant Vigor and Antioxidative Defense Mechanisms in Chickpea	Mohammad Haris, Faheem Ahamad, Faryad Khan, Mohammad Shariq and Abrar Ahmad Khan	133
RESTRICTED LENGTH RESEARCH PAPERS			
14.	Co-occurrence of Reniform Nematode, <i>Rotylenchulus reniformis</i> and Downy Mildew Fungus, <i>Peronospora</i> sp. on <i>Argemone maxicana</i> in Madhya Pradesh, India: First Report	Moti Lal, Doomar Singh and Rashid Pervez	145
15.	First Report of Root-knot Nematode, <i>Meloidogyne incognita</i> on <i>Eclipta alba</i> in Gautam Buddha Nagar, Uttar Pradesh India	Archana Singh, Fazil Hasan and Neetu Singh	150
16.	Incidence of Root-Knot of Rice at the Nursery and Maturing Stages in Some Districts of Uttar Pradesh	Mohd. Shahid Anwar Ansari, Mujeebur Rahman Khan, Ziaul Haque and Faheem Ahamad	154
17.	Occurrence and Distribution of Major Plant-Parasitic Nematodes Associated with Acid Lime (<i>Citrus aurantifolia</i>) Orchards in Jaipur and Dausa Districts of Rajasthan	Aklesh Gocher, Hemraj Gurjar, Babita Choudhary, Seema Yadav and B.S. Chandrawat	165
18.	Incidence of Root-Knot Nematode (<i>Meloidogyne</i> species) in Guava, Papaya and Pomegranate Nurseries in Eastern Rajasthan	Hemraj Gurjar, Seema Yadav, Aklesh Gocher and B.S. Chandrawat	171
19.	Management of Root-Knot Disease in Chilli by Soil Application of <i>Trichoderma</i> Species	Maniza Khan, Rohit Kumar and Mohd. Shahid Anwar Ansari	176
20.	Evaluation of Compatibility of Silver Nanoparticles with Entomopathogenic Nematode, <i>Steinernema abbasi</i>	Sourabh Maheshwari, J.P. Purwar, Sneh Gautam and Debasis Mitra	184
